Compartmentation work complete in Bree Court, plus post-move survey

I'd like to share some good news about the progress of the Capitol Way project. In February, we completed all the internal compartmentation work at Bree Court. This is a significant milestone in our project, which we could not have completed without your cooperation, patience and understanding. We will need to do some minor work to the fire doors (flat front doors and some internal doors). We will be in touch about this over the coming weeks to explain how we will manage this and access to your homes.

EWS1 form

While this is good progress, we still do have some way to go until the building is complete as a whole. We will not be able to issue you with an EWS1 form until the façade work to Bree Court has also been completed. There are still a lot of variables, but we expect that to be completed in Summer 2021, at which time we will be able to issue an EWS1 form.

Survey

We've created a survey to gather feedback on how the moving process went and how we're doing when we communicate with you. We would appreciate your feedback so we can improve our communications with you and also ensure an efficient service to other blocks as we carry out the moves there. The survey should take between 5 and 10 minutes and you can fill it out here:

I'd again like to thank you for your cooperation. This compartmentation work would not be complete by now without you working together with us, so thank you.

If you have questions or queries, please get in touch with our resident liaison team on cwliaison@networkhomes.org.uk.
