Dear residents,

Latest position on building safety – full update due Friday 7 January

We last wrote to you on 28 September, letting you know that we would be carrying out further investigations into the below areas of your buildings:

- Timber decking on balconies
- Timber 'Brise Soleil' horizontal sun screen
- Timber privacy screens on balconies
- Insulated render system.

We also told you that we send out updates on a three-monthly basis, unless we get something confirmed sooner. That means your next update is due by 28 December. As this is in the middle of the Christmas period, we're going to instead update you by close of business on Friday 7 January so we can ensure our technical team is happy with the information enclosed.

We wish you and your family well over the Christmas period and if you have any questions, you can get in touch with us on customerservice@networkhomes.org.uk. You can check out our previous letters here: <https://www.networkhomes.org.uk/your-home/my-building-fras-documents-and-newsletters/?Search=kenworthy&Category=&Updated=>.

Best wishes

Raj Gandecha
Head of Resident Management (Building Safety)
