Dear residents,

### Additional investigations taking place Friday 29 July

We will be doing some additional investigations into the building's external wall system on **Friday 29 July**. This is so our expert witness can look at the current status of the building. If we needed to take legal action, they would need to be able to stand by our position and so need to see the external wall system themselves.

The investigations will be carried out using small access towers. Following the investigation, we will carry out some work to make the area good again. This will either be on Saturday 20 July or Monday 1 August.

We will also be looking at some of the empty properties to check the 'firestopping' in the internal walls, which slow the spread of a fire.

### Further support

We work on a three-month update basis, so you can expect to hear from us every three months or sooner if we have something confirmed which we need to tell you.

If you need further support, you can:

- Go to the London Fire Brigade's website, which is offering a free online tool which guides you through a fire risk assessment of your home (home visits are available for more vulnerable residents): <https://www.london-fire.gov.uk/safety/the-home/home-fire-safety/>
- Visit our website where we have a building safety section with lots of information and frequently asked questions: <https://www.networkhomes.org.uk/buildingandfiresafety/>
- View resources which may help: <https://www.networkhomes.org.uk/buildingsafetyresources/>
- Remind yourself of our top fire safety tips, including not using BBQs on balconies: <https://www.networkhomes.org.uk/advice/health-and-safety/fire-safety-top-tips/>
- Check our document library for your building's letters and documents – it takes a little while to load: <https://www.networkhomes.org.uk/mybuildingdocuments/>
- Get in touch with us on [customerservice@networkhomes.org.uk](mailto:customerservice@networkhomes.org.uk) if you have any questions.

Kind regards

Raj Gandecha  
Head of Resident Management (Building Safety)
