### **Night work complete – thank you for your cooperation**

I'm really pleased to say that following last night's work on the scaffolding, the night work to erect the scaffold is now complete. Thank you all for your cooperation and understanding as we carried out this work. I know you have faced disruption from this, so I'd like to thank you for your patience while we worked with you to minimise it.

The scaffolding has now been erected safely on the side facing the railway. There will be some additional work carried out to this part of the scaffolding, but it is able to be done this week during normal working hours.

Again, I'd really like to pass on my thanks to all of you. When we face complications such as this, it is only able to be resolved with the support of residents who engage with us and talk over how we can help. So, thank you again.

As always, you can check the documents for Rainbow House here: [www.networkhomes.org.uk/rainbowbuildingsafety](http://www.networkhomes.org.uk/rainbowbuildingsafety). And get in touch with us on [customerservice@networkhomes.org.uk](mailto:customerservice@networkhomes.org.uk) if you have any questions.

Wishing you all a pleasant week with some hopefully cooler weather.

Kind regards

Raj Gandecha  
Head of Resident Management (Building Safety)
