### Final night work to be rescheduled due to Network Rail issue

The final night of work to remove the scaffolding at Rainbow House has not been able to go ahead this week. This was due to cabling issues with the railway line, resulting in passengers being stuck on a train.

As soon as we have received a new date from Network Rail, we will let you know. I'd like to thank you all for your cooperation while this complex night work takes place and for your understanding that this could not go ahead safely on the final night this week.

As always, please get in touch with any questions on [customerservice@networkhomes.org.uk](mailto:customerservice@networkhomes.org.uk).

Kind regards

Raj Gandecha  
Head of Resident Management (Building Safety)
