Dear residents,

### Remediation work to begin soon – resident webinar Tuesday 10 January, 6pm

We're pleased to say that we're making the final arrangements with our contractor to begin the remediation of the external wall system early next year. We're working together with them and with Westminster Council to get the necessary permission to begin the work and once we have that we'll know when the project will begin.

#### Resident webinar Tuesday 10 January, 6pm

We will be holding a resident webinar on **Tuesday 10 January** at from 6-7pm. During this webinar we will go through the work required to your building, introduce you to our contractor and explain the logistics of the project. We'll send you a reminder closer to the time, which will include instructions on how to join the webinar.

#### Further support

If you need further support, you can:

- Go to the London Fire Brigade's website, which is offering a free online tool which guides you through a fire risk assessment of your home (home visits are available for more vulnerable residents): <https://www.london-fire.gov.uk/safety/the-home/home-fire-safety/>
- Visit our website where we have a building safety section with lots of information and frequently asked questions: <https://www.networkhomes.org.uk/buildingandfiresafety/>
- View resources which may help: <https://www.networkhomes.org.uk/buildingsafetyresources/>
- Remind yourself of our top fire safety tips, including not using BBQs on balconies: <https://www.networkhomes.org.uk/advice/health-and-safety/fire-safety-top-tips/>
- Check our document library for your building's letters and documents – it takes a little while to load: <https://www.networkhomes.org.uk/mybuildingdocuments/>
- Get in touch with us on [customerservice@networkhomes.org.uk](mailto:customerservice@networkhomes.org.uk) if you have any questions.

Kind regards

#### A summary of this letter

We're getting the final things in place with our contractor and will be able to begin the remediation work next year.

We'll have a webinar on **Tuesday 10 January at 6pm** where we'll go over the work required, introduce the contractor and explain the project logistics.

#### A reminder

Your building's fire strategy is **stay put**, so you should stay in your home unless you are directly affected by smoke, heat or fire, or are told to evacuate by the fire brigade. There is no communal alarm in the building.
