Dear residents,

Resident webinar Tues 10 Jan at 6pm, plus scaffolding may begin Mon 9 Jan

We let you know just before Christmas that we will be holding a resident webinar on **Tuesday 10 January, at 6pm**. Within the next couple of days, we anticipate receiving the appropriate permissions from Westminster Council to put up scaffolding on the pavement outside Hindon Court. If we receive this, scaffold set-up will begin on **Monday 9 January**. If we haven't received it by then, we'll update you at the webinar next week.

What will we cover at this webinar?

The webinar will last an hour, and we'll give a presentation on the following:

- Introduction to the building safety team and contractor
- The remediation we'll be doing at your building
- The project dates, site plan and layout
- Government funding position
- EWS1 form
- Plus a Q&A session.

Access the webinar

You can access the meeting and the link to submit questions by visiting: www.networkhomes.org.uk/buildingsafetymeetings.

Joining instructions

We'll be holding this webinar on Microsoft Teams – you don't need a paid account to join, but please give yourself enough time to get set-up before the webinar starts. You can find out joining instructions and the link to join the webinar by visiting the link in the box above.

You will be able to ask us questions through our Q&A function while we give the presentation. If you have any questions now, you can submit them beforehand at the same link above – we can then ensure we have as full an answer as possible to give you at the webinar.

We'll send out a copy of the slides and a 'Guide to the Works' document, which will include all questions asked, within two weeks of the webinar. If you have questions or queries about other matters that aren't related to this project, please get in touch with Network Homes separately, so we can dedicate this time to answering your queries on building safety.

New dedicated webpage

We've set up a webpage for the work at Hindon Court, which will include all updates we send out about the project in one place: <https://www.networkhomes.org.uk/hindonbuildingsafety/>. We'll keep texting out the updates as well – please email us as below if you aren't receiving these texts.

If you have any questions, please get in touch with us on customerservice@networkhomes.org.uk.

Kind regards

Raj Gandecha
Head of Resident Management (Building Safety)
