

Latest updates for residents at Kilburn Quarter

January 2023

Security

The security service at Kilburn Quarter is currently subject to a resident consultation process to determine if we keep the service as it is, amended it to become a mobile patrol or to remove the service all together. We have hand delivered consultation letters to residents with these three options and ask for you to respond with your preferred option to us at the following e-mail address by Monday, 6 February 2023. Please note that we are consulting with all residents, tenants, leaseholders and shared owners for each flat. Email:

OperationsandHousingContracts@networkhomes.org.uk

Cost of living help

Rising cost of living is a key concern for people nationwide and it can be overwhelming to keep track of what can be done to ease the impact of increased outgoings. We want to make it easy for resident to access useful advice and support that can hopefully reduce the rising cost of running your home this winter.

How we can help

- **Support with claiming benefits**

We have a Welfare and Benefits Advice team at Network Homes that can support you with claiming benefits. The team has helped residents claim more than £1.5million each year for the past three years and £2.4million last year. This includes housing benefit, Universal Credit, disability benefits, pension credit and carers allowance. We can also help with Discretionary Housing Payment applications. In some cases, we can help gain grant funding.

If you would like to speak to the team, please call **0300 373 3000** or email them at welfareadvisors@networkhomes.org.uk.

- **Charitable fund**

If you have had a change in circumstances that has reduced your household income or you're experiencing financial difficulties, you may be eligible to receive support from us through our charitable fund. The most common ways we support people through the fund is

by providing food vouchers, beds and white goods. We've also helped with small electronics, energy vouchers (prepayment meters with a card or key only), and school uniforms.

You can find out more information and apply to our charitable fund by visiting the charitable fund page on our website at www.networkhomes.org.uk/charitablefund.

- **Cost of living hub**

We have a cost of living help section on our website where you can access the support we provide, top tips and information about support from external organisations. You can find it in the advice section or directly at www.networkhomes.org.uk/costofliving.

Support from your local council

- **Brent Council cost of living help and advice**

For tips to support you through the rising cost of living you can visit Brent Council's cost of living support hub at www.brent.gov.uk/cost-of-living-help-and-advice

8 Ways to Keep Warm

1. **Block out draughts** - The best way to keep your home warm without turning up the heating is to stop the current heat from escaping.
2. **Use your curtains** – keep curtains open in the day to let light and warmth in if you receive sunlight during the day through the window, and close them before it gets dark.
3. **Lay down rugs** – if you have laminate or wood flooring, lay down rugs in your home.
4. **Dress in layers** – wearing more clothes, such as putting on a jumper or other layers, rather than one thick piece of clothing can help keep you warm.
5. **Socks and slippers** – keeping your feet warm by wearing thick socks and / or slippers in your home.
6. **Hot food and hot drinks** – eating hot meals and drinking warm drinks will help to warm you up.
7. **Hot water bottles** – use a hot water bottle.
8. **Keep moving** – stay active to boost your circulation. Try to move around at least once an hour and try not to sit still for long periods of time.

Condensation, damp and mould

Too much moisture in your home can lead to damp and mould. Excess moisture can enter your home in several ways and the most common causes are from condensation and penetrative or rising damp. If too much moisture builds up and is left untreated, mould may start to grow.

There are a few things you can do to help reduce excess moisture in your home. Here are a few tips to try out:

- Close the kitchen and bathroom doors when they are in use. This will help prevent moisture reaching other rooms, especially bedrooms, which are often colder and more likely to get condensation.

- Avoid drying washing on your radiators, or if you do, then dry it in the bathroom with the door closed and the window open.
- Use saucepan lids when cooking.
- Put a small amount of cold water in the bath before you turn on the hot tap.
- Place furniture slightly away from the wall. Where possible, position wardrobes and furniture against internal walls.
- Wipe down condensation or water (including on window ledges and sills) with a cloth every morning, and ensure it is wrung out and dried properly between use.

To find out more ways to reduce excess moisture in your home, information on the causes of damp, mould or condensation, how to tackle it and how we manage these issues, visit the condensation, damp and mould page on our website at www.networkhomes.org.uk/condensation.

Car park enforcement

We wrote to you recently to let you know that we are introducing CPM to manage our car park and that it has become necessary to introduce a car park enforcement company to manage the car park due to complaints of car park abuse. Only authorized leaseholders and a few residents who have been given parking rights by Brent Council, as part of the stock transfer conditions, will be eligible for parking permits under the new rules. We have carried out recent audits on the car park data and have provided CPM with a list of authorized car park users.

All leaseholders who have the right to park or who have acquired bays will be issued one free parking permit which clearly states the bay number they must park in. The permit will not contain a registration number plate, nor will it have an end date. There will be no need to renew the permit annually and the leaseholder can also transfer the permit to any vehicle if they display the permit in the correct parking bay.

General rented residents who are eligible for a parking space will have to provide LOG book, Insurance and MOT documents confirming they own a vehicle and that it is registered at the scheme. They will be issued with one annual permit which will indicate the parking bay number and the vehicle registration number plate. These permits are for one vehicle only and is not transferrable. These permits will need to be renewed every year at a cost of £25 and a new application must be made with CPM to obtain the permit.

CPM will be installing car park rules sign boards internally and externally, and will also write to residents asking you to apply for permits.

Pigeons on your estate and around your home

There's a high cost each year to local authorities and housing associations to clean, repair buildings, and provide pest control proofing. If you feed pigeons around your home, you are encouraging them to roost and perch nearby. Pigeon droppings are acidic and can erode stonework, resulting in long term costly damage. The feeding of pigeons also attracts rats and mice, which take any uneaten food and can also cause a health risk to you and your family. Please do not feed pigeons anywhere on your estate.

Please take recycling seriously

Recycling contamination occurs when materials are sorted into the wrong recycling bin (placing a glass bottle into a mixed paper recycling bin for example), or when materials are not properly cleaned, such as when food residue remains on a plastic yogurt container.

What happens if I put the wrong things in my recycling bin?

If you put the wrong items in your recycling bin, the Council may not collect your bins. Sometimes things like nappies and food waste could spoil the rest of the recyclables and mean a whole load may need to be disposed of and not recycled.

Due to contamination of the recycling and the council then refusing to collect the bin, we have to arrange for our contractors to dispose of the bins at a cost which will be **service chargeable to all residents**. It is important to recycle properly to avoid such unnecessary additional cost to you.

How to prevent recycling contamination

1. Rinse your containers as soon as they're empty and before placing in the recycling bin.
2. Sort your recycling materials.
3. Check the recycle material list to see what is accepted and how to sort it.
4. Follow your local council's recycling guidelines.
5. Remind other residents about the recycling guidelines as their actions could cause your recycle bin not to be collected by the council if it's contaminated.

If you live in a block of flats, you should have access to communal recycling bins. These will have labels that clearly show what you can recycle.

New ways to pay your rent and service charge coming soon

From the 1 April 2023, we will be making some changes to the ways you can pay your rent and service charge with us. We'll be replacing our existing payment provider, allpay, with a new payment provider, PayPoint. The changes in payment provider will mean new online payment links, a new payment app, and more places for you to pay in cash over the counter.

There's nothing you need to do right now to prepare for the change. However, if you currently use the Post Office to make a payment to us you may want to consider changing to another payment method ahead of the change on 1 April 2023, as we will no longer be able to accept cash payments made at the Post Office. You will still be able to make cash payments at other locations that display the PayPoint sign. You can find out about all the alternative payment methods we have available on our website at www.networkhomes.org.uk/payrent.

We will be updating the information about payment options on our website and in your My Network Homes online account ready for you to use from 1 April 2023. We will also let you know nearer the time how you will be affected and if there's anything you need to do depending on how you

Latest update from Network Homes

currently pay your rent.

Anti-Social behaviour (ASB)

If you think you're experiencing ASB, please check out our ASB toolkit to help you identify ASB and understand the steps you need to take if you're experiencing it. You can find the toolkit on our website at www.networkhomes.org.uk/asbtoolkit

Upcoming estate inspections

The next estate inspections will take place on:

Day	Date	Time	Meeting point
Thursday	16 February 2023	10am	Communal Grounds
Thursday	16 March 2023	10am	Communal Grounds

If you would like to join Akisha Francis, your Neighbourhood Officer, during the estate inspection or discuss a specific issue, you can meet her on the dates above. Please contact Akisha on **0300 373 3000** or email customerservice@networkhomes.org.uk

Stay put fire safety strategy for your building

The fire strategy for your building is a stay put policy. This means unless you're directly affected by a fire, told by the emergency services or a Network Homes staff member to evacuate, you should stay in your home. Remember if you do need to evacuate because of a fire, do not use the lifts. Close the door behind you and safely make your way out of the building before calling the emergency services on 999. If you are unable to self-evacuate or evacuate using the stairs, please contact our Fire Safety Team on **0300 373 3000** so we can visit you and discuss a personal evacuation plan.

Resident Choice survey

Over the past two years, more and more services have moved online and continue to do so. While this provides opportunities for people to access services quickly at a time that suits them, we know that this doesn't work for everyone.

We'd like to hear from you about if and how you use digital services. We sent you the survey in the post with the option to complete it online. If you haven't already completed the survey, you can start the online [Resident Choice survey](#) today. You have until Friday 20 January 2023 to complete and submit it.

Your answers will help us better understand how you would like to interact with us so we can provide the right channels for you.

A big thank you if you have already completed the Resident Choice survey!

The chance to enter the prize draw is now closed and the winners were announced on the week commencing 19 December 2022.
