Work to Cipher Court balconies to begin on Monday 27 February

Our contractor Guildmore will be starting the site set-up on **Monday 27 February** for the project to replace the decking to balconies at Cipher Court. You may begin to see operatives and vehicles coming onto site as they make the preparations for scaffolding to be erected and for materials to be stored.

We hope to be sharing further information with you about the project duration, areas of scaffolding etc late this week. In the meantime, if you have any questions, please get in touch with us on customerservice@networkhomes.org.uk.

Cabinet Court and Code Court

As a reminder, this work is only required to be done to the balconies at Cipher Court. No work is required to Cabinet Court and Code Court.

We wanted to write and let those at Cabinet and Code know this last project was soon to begin. We won't write again, but if you want to keep updated on the progress at Cipher Court, all updates can be found in the usual place: www.networkhomes.org.uk/flowersbuildingsafety.

Kind regards

Raj Gandechea
Head of Resident Management (Building Safety)
