To whom it may concern

The Northern Quarter, Capitol Way, Colindale – Avery Court
EWS1 Form Cover Letter

I refer to the EWS1 form prepared for the above property on 28/07/2023 and confirm that I was the author of this.

I am a Chartered fire engineer through the professional body The Institution of Fire Engineers and I am a practicing fire engineer with Ove Arup & Partners Ltd, a multi-disciplinary professional engineering services and consulting firm that includes fire safety engineering consultancy services.

This form supersedes the previous version dated 13/05/2020. The reason for the two different forms is because the remedial works of the previously identified façade fire safety defects have now been completed.

Yours faithfully

David Stow
