

Latest updates for residents at Garden Road

December 2023

Try out our new digital assistant for customers

We've launched our digital assistant for customers which gives you another convenient way to raise or get an update on repairs, check your account balance, or make a payment. The digital assistant comes in the form of a chatbot which you can find on our website and your My Network Homes online account.

The digital assistant is available at any time of the day, seven days a week. It will help you with your enquiry by giving you options to select so it can support you as quickly as it can. During set times, currently Monday to Friday, 10am to 3pm, if it's unable to answer your query or help you to complete your service request, it will give you the option to chat online to one of our customer service advisors.

You can try out the digital assistant the next time you want to raise a repair, check your account balance or make a payment. Simply open the chatbot feature by clicking on the purple 'Chat with us' bubble on our website at www.networkhomes.org.uk

Pigeons on your estate and around your home

There's a high cost each year to local authorities and housing associations to clean, repair buildings, and provide pest control proofing. If you feed pigeons around your home, you are encouraging them to roost and perch nearby. Pigeon droppings are acidic and can erode stonework, resulting in long term costly damage. The feeding of pigeons also attracts rats and mice, which take any uneaten food and can also cause a health risk to you and your family. Please do not feed pigeons anywhere on your estate.

Certain scents repel pigeons, such as cinnamon, hot and chilli peppers, peppermint, essential oils, vinegar, perfume, onions, garlic, cumin, cologne, ghost peppers and even jalapenos. Pigeons have a strange relationship with cinnamon. Because of its pungent scent, it becomes a good deterrent, and its natural medical properties help to cure various pigeons' diseases.

Prevention is better than cure. You can purchase and install netting cheaply online or at most DIY stores to prevent pigeons from perching.

Condensation, damp and mould

Too much moisture in your home can lead to damp and mould. Excess moisture can enter your home in several ways and the most common causes are from condensation and penetrative or rising damp. If too much moisture builds up and is left untreated, mould may start to grow.

There are a few things you can do to help reduce excess moisture in your home. Here are some tips to try out:

- Close the kitchen and bathroom doors when they are in use. This helps prevent moisture reaching other rooms, especially bedrooms, which are often colder and more likely to get condensation.
- Avoid drying washing on your radiators, or if you do, then dry it in the bathroom with the door closed and window open.
- Use saucepan lids when cooking.
- Put a small amount of cold water in the bath before you turn on the hot tap.
- Place furniture slightly away from the wall. Where possible, position wardrobes and furniture against internal walls.
- Wipe down condensation or water (including on window ledges and sills) with a cloth every morning, and ensure it is wrung out and dried properly between use.

To find out more ways to reduce excess moisture in your home, information on the causes of damp, mould or condensation, how to tackle it and how we manage these issues, visit the condensation, damp and mould page on our website at www.networkhomes.org.uk/condensation.

Upcoming Estate inspections

The next estate inspections will take place on:

Day	Date	Time	Meeting point
Friday	1 December 2023	10am	Meet at: main entrance
Friday	5 January 2023	10am	Meet at: main entrance

If you would like to join Masooma Okera, your Neighbourhood Officer, during the estate inspection or discuss a specific issue, you can arrange to meet her on the dates above by contacting Masooma on **0300 373 3000** or email customerservice@networkhomes.org.uk.

Site inspection findings

Your Neighbourhood Officer, Masooma Okera has identified these issues from her last estate inspection.

Issue identified	Location	Action taken	Any other notes
Loose Screws on Gerda lock	Meter Room – underground car park	Reported to repairs team, who have logged this for MCP to attend.	
Boxes not folded for recycling	Bin store	Letter sent to all residents	Customers must ensure that they are folding/cutting any boxes so they can be put inside the recycling bins.

Anti-Social behaviour (ASB)

If you think you're experiencing ASB, please check out our ASB toolkit to help you identify ASB and understand the steps you need to take if you're experiencing it. You can find the toolkit on our website at www.networkhomes.org.uk/asbtoolkit

You may report ASB to us between 9am to 5pm from Monday to Friday. If it's out of office hours, please contact the Police or your Local Authority Environmental Health team.

Police Partnership Working

We're working closely with the police to address ongoing anti-social behaviour (ASB) concerns. Please continue to contact the local safer neighbourhood team if you have any issues you would like to discuss. The police are continuing to patrol the Garden Road area and specifically our underground car park. Please report any concerns to them immediately via email NorthRichmond@met.police.uk.

We've been made aware that homeless individuals are accessing the underground car park areas therefore extensive work is being carried out by the relevant agencies to eliminate this problem. Please continue to report an unauthorised individual to the police. You can also report any issues to

Fire Risk Assessments (FRA) – no items in communal areas

We have a zero-tolerance policy on items left in communal areas. Our FRA action plan also applies to car park areas and will be enforced without exception. Our policy means that we have removed and will continue to remove items found in communal areas without notice. We will dispose of any items we remove as we do not store/keep items.

Shared communal areas include stairways, lifts, landings, hallways, and car parks. Please ensure you do not leave any items in these areas including shoes, shoe racks, prams, pushchairs, bicycles, children's toys, plant stands etc. Items stored in shared areas are a hazard as they can prevent people from leaving the building safely in a fire.

Stay put fire safety strategy for your building

The fire strategy for your building is a stay put policy. This means unless you're directly affected by a fire, told by the emergency services or an SNG staff member to evacuate, you should stay in your home. Remember if you do need to evacuate because of a fire, do not use the lifts. Close the door behind you and safely make your way out of the building before calling the emergency services on 999. If you are unable to self-evacuate or evacuate using the stairs, please contact our Fire Safety Team on **0300 373 3000** so we can visit you and discuss a personal evacuation plan.
