

Latest updates for residents at Eaton Plaza

December 2023

Security

Thank you to those of you who participated with our review of the security mobile patrol service at your site. As a result of the consultation exercise it's clear that the majority of residents who responded wish to continue with the current service, therefore, there will be no change to the security mobile patrol service at Eaton Plaza. Letters will be posted to residents in early January.

Contact centre opening hours and service over the festive period

As always, we aim to provide you with a good service at all times including over the festive period.

Our offices and contact centre will be open as usual from Tuesday 2 January 2022. Usual office opening hours are Monday to Friday, 9am to 5pm and our contact centre hours are 8am to 6pm. If you have an emergency repair while we are closed, please contact us on **0300 373 3000** and you'll be directed to our out of hours repairs service.

*Please note, our Hertford office will close at 12pm on 22 December and only our Wembley office will be open from 27 to 29 December.

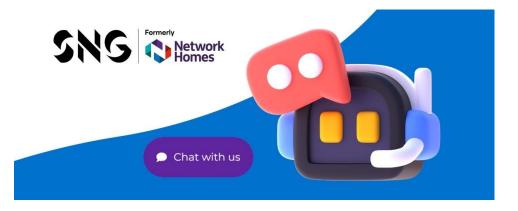

Try out our new digital assistant for customers

We've launched our digital assistant for customers which gives you another convenient way to raise or get an update on repairs, check your account balance, or make a payment. The digital assistant comes in the form of a chatbot which you can find on our website and your My Network Homes online account.

The digital assistant is available at any time of the day, seven days a week. It will help you with your enquiry by giving you options to select so it can support you as quickly as it can. During set times, currently Monday to Friday, 10am to 3pm, if it's unable to answer your query or help you to complete your service request, it will give you the option to chat online to one of our customer service advisors.

You can try out the digital assistant the next time you want to raise a repair, check your account balance or make a payment. Simply open the chatbot feature by clicking on the purple 'Chat with us' bubble on our website at <u>www.networkhomes.org.uk</u>

Trees

We've noticed that the large trees by the canal behind Oxford and Fazely Court are overhanging close to our estate. Your neighbourhood officer, Shujaat Ali contacted London South Easton Canal Trust who advised us that the trees are programmed to be felled within the next few weeks. They will communicate directly with residents if it is going to impact them.

Renewal of Parking Permits

It is the responsibility of customers who are eligible to park and have a permit to note when their permits are due to expire. CPM manage the car park at your estate and send out permit renewal reminders 4 weeks prior to permits expiring, however, these letters can get delayed or lost. Places you should <u>not</u> park:

- In a car park area if you are not permitted to do so
- On double yellow lines this can obstruct emergency vehicles and bin trucks
- In a parking bay not allocated to you
- Double parked in a single bay property
- In front of access points e.g. bin rooms and hatched areas
- On the grass verge by play areas.

Parking is monitored daily and at weekends by our staff and CPM. CPM will issue a penalty charge notice to any vehicle that's causing an obstruction or parked in a bay that it's not permitted to use, whether a permit is displayed or not. All car park areas are clearly marked by CPM on the terms & conditions signage displayed.

All parking enquiries and appeals are managed by CPM, not SNG. You can contact CPM at <u>networkhomes@uk-cpm.com</u> or by telephone on 0845 463 5050.

Condensation, damp and mould

Too much moisture in your home can lead to damp and mould. Excess moisture can enter your home in several ways and the most common causes are from condensation and penetrative or rising damp. If too much moisture builds up and is left untreated, mould may start to grow.

There are a few things you can do to help reduce excess moisture in your home. Here are some tips to try out:

- Close the kitchen and bathroom doors when they are in use. This helps prevent moisture reaching other rooms, especially bedrooms, which are often colder and more likely to get condensation.
- Avoid drying washing on your radiators, or if you do, then dry it in the bathroom with the door closed and window open.
- Use saucepan lids when cooking.
- Put a small amount of cold water in the bath before you turn on the hot tap.
- Place furniture slightly away from the wall. Where possible, position wardrobes and furniture against internal walls.
- Wipe down condensation or water (including on window ledges and sills) with a cloth every morning, and ensure it is wrung out and dried properly between use.

To find out more ways to reduce excess moisture in your home, information on the causes of damp, mould or condensation, how to tackle it and how we manage these issues, visit the condensation, damp and mould page on our website at <u>www.networkhomes.org.uk/condensation</u>.

Pigeons on your estate and around your home

There's a high cost each year to local authorities and housing associations to clean, repair buildings, and provide pest control proofing. If you feed pigeons around your home, you are encouraging them to roost and perch nearby. Pigeon droppings are acidic and can erode stonework, resulting in long term costly damage. The feeding of pigeons also attracts rats and mice, which take any uneaten food and can also cause a health risk to you and your family. Please do not feed pigeons anywhere on your estate.

Certain scents repel pigeons, such as cinnamon, peppermint, essential oils, vinegar, perfume, onions, garlic, cumin, cologne, ghost peppers and even jalapenos. Pigeons have a strange relationship with cinnamon. Because of its pungent scent, it becomes a good deterrent, and its natural medical properties help to cure various pigeons' diseases.

Prevention is better than cure. You can purchase netting cheaply online or at most DIY stores to prevent pigeons from perching.

Pest control

Nightshift Pest Control Ltd have reported that residents are regularly leaving the doors leading to the bin chutes open. This will allow pests to enter the building so please ensure you close the doors each time after use.

Anti-Social behaviour (ASB)

If you think you're experiencing ASB, please check out our ASB toolkit to help you identify ASB and understand the steps you need to take if you're experiencing it. You can find the toolkit on our website at <u>www.networkhomes.org.uk/asbtoolkit</u>

You may report ASB to us between 9am to 5pm from Monday to Friday. If it's out of office hours, please contact the Police or your Local Authority Environmental Health team.

We previously received complaints that children were playing in the courtyard until late which was causing noise and other antisocial behaviour. We can confirm that these type of complaints have dramatically reduced and wish to thank you for your part in achieving this result. As the weather gets colder please be vigilant when entering or leaving the building to ensure no one tailgates you for shelter. Security patrol the building at various times during the night but we need to take responsibility to minimise the rises and take precautions.

Partnership Working

We are working with the Local Safer Neighbourhoods team and Security Patrol team to manage antisocial behaviour on your estate and the wider community. Please report any issues to the police and us so we can tackle them.

Estate inspections

The next Estate inspections will take place on:

Fire Risk Assessments (FRA) – no items in communal areas

We have a zero-tolerance policy on items left in communal areas. Our FRA action plan also applies to car park areas and will be enforced without exception. Our policy means that we have removed and will continue to remove items found in communal areas without notice. We will dispose of any items we remove as we so not store/keep items.

Shared communal areas include stairways, lifts, landings, hallways, and car parks. Please ensure you do not leave any items in these areas including shoes, shoe racks, prams, pushchairs, bicycles, children's toys, plant stands etc. Items stored in shared areas are a hazard as they can prevent people from leaving the building safely in a fire.

Stay put fire safety strategy for your building

The fire strategy for your building is a stay put policy. This means unless you're directly affected by a fire, told by the emergency services or an SNG staff member to evacuate, you should stay in your home. Remember, if you do need to evacuate because of a fire, do not use the lifts. Close the door behind you and safely make your way out of the building before calling the emergency services on 999. If you require an additional fire safety information or any assistance development your escape plan in the event of a fire, please contact SNG on **0300 373 3000**.
