

Safety in your building

Network Homes

23 January 2020

To all residents at Astley House

Dear Residents,

Investigations of building starting on Thursday 30 January 2020

We will be investigating the roof at Astley House, following advice the Government has issued to landlords.

We're doing this precautionary investigation to check if it has been installed correctly and is compliant with building regulations.

Rope access

We will be accessing the roof from above using ropes in different locations around the blocks – our contractors are Industrial Access Limited and our consultants are John Rowan Partners. Rope access will begin on **Thursday 30 January**. It should last about three days – dependant on weather. Afterwards we will put things back to the way they were.

The results

Once the investigations are finished, we will be in touch again to let you know the results. If you have any questions, please email buildingsafetyteam@networkhomes.org.uk.

As you'll have seen above, we're going to be sending you further updates by email, as this will be quicker and easier. Please ensure you let us know your details. We may already have yours on file, so I apologise if you've already sent yours over.

Yours faithfully

Mr Suraj Shah

Have you given us your contact details?

We're going to be sending you several updates about safety in your building and we want to make it as easy as possible for you to read them.

So that we can be mindful of giving you value for money, being sustainable and saving time on posting letters, we'd prefer to send email updates.

Please send your:

- > Name
 - > Address
 - > Postcode
 - > Email address
 - > Phone number
- to customerservice@networkhomes.org.uk.

That way you'll find out what's going on quickly and easily file it for your records. We'll make sure your details are updated on our system too.

Please check out our privacy policy on our website for more info.
